

WeGO Report for April 8, 2017 From Humbug Mountain Weavers and Spinners Guild

Humbug Guild has made some success in meeting goals set in 2016. Since our open house at the Sept. 2017 meeting, we have acquired seven new members. We have also had very interesting programs and workshops more consistently.

In Oct. our regular meeting was cancelled due to weather. Later in the month, we were able to have Jetta Vandermeiden for a seminar on the 'beauty of linen' and a workshop on "Scandinavian Monk's Belt". She was a wonderful teacher and the time with her was very enjoyable!

In Nov, we participate in the Langlois Lions' Craft Fair.

In Dec, we had our annual gift exchange, donation to the food bank, snacks and visiting time.

In January, one of our members demonstrated the use of an inkle loom.

In Feb, we decided to have a work party to make mug rugs that will be sold at a new coffee shop opening in Bandon. They will also be sold at Wild Rivers Wool Co. We also had a seminar on felting small animals and a workshop on felting larger animals with a wire base.

In March, we had a demonstration on Navaho Plying by one of our members.
